

DIGITAL MATRIX 4X4

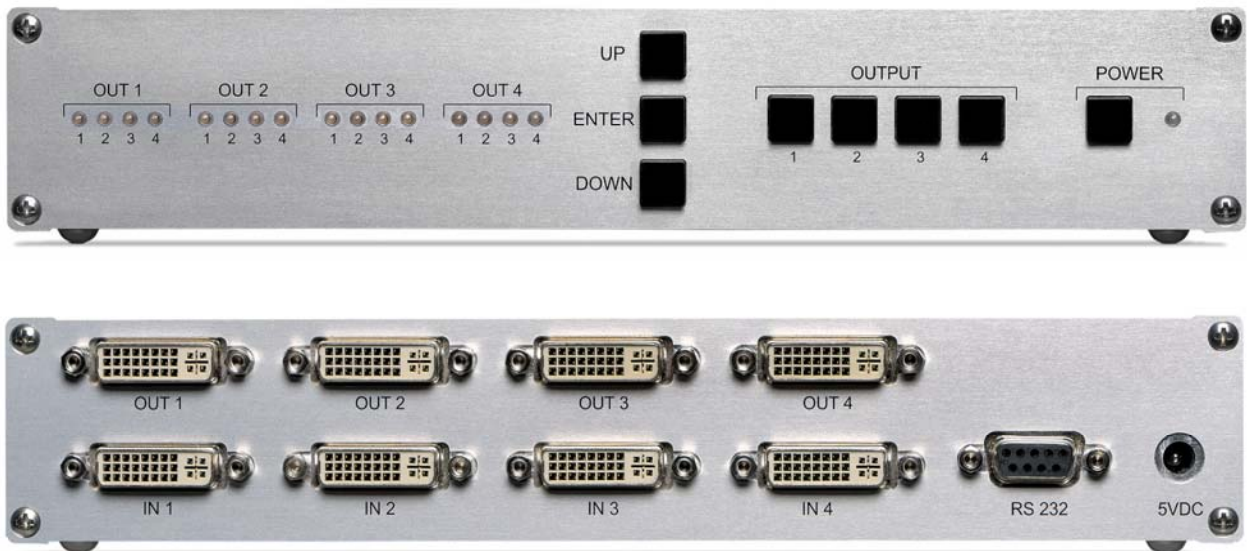

DIGITAL MATRIX 4X4

Our Digital Matrix 4x4 are high performance, digital matrix switchers for digital video signals.

Up to 4 sources can be routed to 4 outputs. They support resolutions up 1920x1200 or Full HD (1080p) to ensure high quality transmission.

The integrated EDID Management guarantees that content is displayed correctly on the connected devices.

The Matrix can be controlled by the control panel on the front of the unit, as well as by serial interface (RS-232) with other devices.
